22 entitled proceedings that the following matters are true:

23 **PARTIES**

24 1. Kimberly Kirchmeyer (Complainant) is the Executive Director of the Medical Board

3. On or about July 1, 1980, the Board issued Physician's and Surgeon's Certificate No. A 35471 to KING WONG, M.D. (Respondent). ## JURISDICTION

3. Accusation No. 800-2018-045417 was filed before the (Board). The Accusation and all other statutorily required documents were properly served on Respondent on November 21, 2018. 8 Respondent hereby gives up his right to contest that cause for discipline exists based on those  
9 charges.

10 9. Respondent understands that by signing this stipulation he enables the Board to issue  
11 an order accepting the surrender of his Physician's and Surgeon's Certificate without further

17 Respondent or his counsel. By signing the stipulation, Respondent understands and agrees that he  
18 may not withdraw his agreement or seek to rescind the stipulation prior to the time the Board  
19 considers and acts upon it. If the Board fails to adopt this stipulation as its Decision and Order,  
20 the Stipulated Surrender and Disciplinary Order shall be of no force or effect, except for this  
21 paragraph, it shall be inadmissible in any legal action between the parties, and the Board shall not  
22 be disqualified from further action by having considered this matter.

24 copies of this Stipulated Surrender of License and Order, including Portable Document Format  
25 (PDF) and facsimile signatures thereto, shall have the same force and effect as the originals.

26 12. In consideration of the foregoing admissions and stipulations, the parties agree that  
27 the Board may, without further notice or formal proceeding, issue and enter the following Order:  
28

ORDER

IT IS HEREBY ORDERED that Physician's and Surgeon's Certificate No. A 35471, issued to Respondent KING WONG, M.D., is surrendered and accepted by the Medical Board of California.

1. The surrender of Respondent's Physician's and Surgeon's Certificate and the acceptance of the surrendered license by the Board shall constitute the imposition of discipline against Respondent. This stipulation constitutes a record of the discipline and shall become a part of Respondent's license history with the Medical Board of California.

2. Respondent shall lose all rights and privileges as a physician and surgeon in California as of the effective date of the Board's Decision and Order.

3. Respondent shall cause to be delivered to the Board his pocket license and, if one was issued, his wall certificate on or before the effective date of the Decision and Order.

Complainant alleges:

**PARTIES**

1. Kimberly Kirchmeyer (Complainant) brings this Accusation solely in her official capacity as the Executive Director of the Medical Board of California, Department of Consumer Affairs (Board).

2. On or about July 1, 1980, the Medical Board issued Physician's and Surgeon's Certificate Number A 35471 to King Wong, M.D. (Respondent). The Physician's and Surgeon's Certificate was in full force and effect at all times relevant to the charges brought herein and will expire on February 29, 2020, unless renewed.

## JURISDICTION

3. This Accusation is brought before the Board, under the authority of the following laws. All section references are to the Business and Professions Code unless otherwise indicated.

4. Section 2227 of the Code states:

“(a) A licensee whose matter has been heard by an administrative law judge of the Medical Quality Hearing Panel as designated in Section 11371 of the Government Code, or whose default has been entered, and who is found guilty, or who has entered into a stipulation for disciplinary action with the board, may, in accordance with the provisions of this chapter:

“(1) Have his or her license revoked upon order of the board.

“(2) Have his or her right to practice suspended for a period not to exceed one year upon order of the board.

“(3) Be placed on probation and be required to pay the costs of probation monitoring upon order of the board.

“(4) Be publicly reprimanded by the board. The public reprimand may include a requirement that the licensee complete relevant educational courses approved by the board.

“(5) Have any other action taken in relation to discipline as part of an order of probation, as the board or an administrative law judge may deem proper.

“(b) Any matter heard pursuant to subdivision (a), except for warning letters, medical review or advisory conferences, professional competency examinations, continuing education activities, and cost reimbursement associated therewith that are agreed to with the board and successfully completed by the licensee, or other matters made confidential or privileged by existing law, is deemed public, and shall be made available to the public by the board pursuant to Section 803.1.”

5. Section 2234 of the Code, states:

“The board shall take action against any licensee who is charged with unprofessional conduct. In addition to other provisions of this article, unprofessional conduct includes, but is not limited to, the following:

1       “(a) Violating or attempting to violate, directly or indirectly, assisting in or abetting the  
2 violation of, or conspiring to violate any provision of this chapter.

3       “(b) Gross negligence.

4       “(c) Repeated negligent acts. To be repeated, there must be two or more negligent acts or  
5 omissions. An initial negligent act or omission followed by a separate and distinct departure from  
6 the applicable standard of care shall constitute repeated negligent acts.

7       “(1) An initial negligent diagnosis followed by an act or omission medically appropriate for  
8 that negligent diagnosis of the patient shall constitute a single negligent act.

9       “(2) When the standard of care requires a change in the diagnosis, act, or omission that  
10 constitutes the negligent act described in paragraph (1), including, but not limited to, a  
11 reevaluation of the diagnosis or a change in treatment, and the licensee’s conduct departs from the  
12 applicable standard of care, each departure constitutes a separate and distinct breach of the  
13 standard of care.

14       “(d) Incompetence.

15       “(e) The commission of any act involving dishonesty or corruption which is substantially  
16 related to the qualifications, functions, or duties of a physician and surgeon.

19 the legal requirements of that state or country for the practice of medicine. Section 2314 shall not  
20 apply to this subdivision. This subdivision shall become operative upon the implementation of the  
21 proposed registration program described in Section 2052.5.

22       “(h) The repeated failure by a certificate holder, in the absence of good cause, to attend and  
23 participate in an interview by the board. This subdivision shall only apply to a certificate holder  
24 who is the subject of an investigation by the board.”

1 **CAUSE FOR DISCIPLINE**

2 **(Incompetence)**

3 6. Respondent is subject to disciplinary action under section 2234, subdivision (d), in  
4 that he failed the Physician Assessment and Clinical Education ("PACE") Program at the  
5 University of California, San Diego. His performance was substandard and consistent with a fail,  
6 which signifies that he is not competent to practice medicine and poses a potential danger to his  
7 patients. The circumstances are as follows:

- 8 A. In a disciplinary action entitled *In the Matter of the Accusation Against King Wong*  
9 *M.D.*, Case No. 11-2013-230174, Complainant alleged gross negligence and repeated  
10 negligent acts in the care and treatment of a patient. Briefly, Respondent was grossly  
11 negligent in the delivery of a baby. Respondent encountered shoulder dystocia and  
12 unfortunately, the baby died.
- 13 B. The Board issued a decision effective December 7, 2017, in which Respondent's  
14 certificate was subject to a public reprimand, with the condition that he successfully  
15 complete a clinical competence assessment program.
- 16 C. Between May 14-18, 2018, Respondent participated in the PACE Program. He  
17 completed a neuropsychological evaluation on August 3, 2018.
- 18 D. Respondent's overall performance in PACE was that of a "fail," which signified a  
19 poor performance that was not compatible with overall physician competency and  
20 safe practice, representing a potential danger to his patients. There were several  
21 deficiencies, some of which are listed below.
- 22 E. Cognitive Screening: Microg is a computer based assessment of cognitive skills and  
23 is a screening test to help determine if a PACE participant should be referred for a  
24 neuropsychological evaluation. Respondent performed in the below average range on  
25 several factors including general cognitive functioning, memory, and information  
26 processing speed to name a few. According to the psychologist who reviewed the  
27 findings, Respondent needs further neuropsychological testing and a fitness for duty  
28 evaluation.

- 1 F. Mock patient history: Respondent performed a complete history and physical exam  
2 of a 34-year-old female mock patient. He demonstrated unsatisfactory medical  
3 interviewing and physical exam skills. He barely palpated the breasts and performed  
4 the exam while she was sitting up. The pelvic exam was painful for the patient  
5 because the speculum was still open when it was removed. The mock patient said it  
6 was the worst breast and pelvic exam she had received.
- 7 G. Chart stimulated recall: Respondent's charts were reviewed and there were  
8 deficiencies with all 18 charts. The documentation was insufficient, and he could not  
9 offer explanations when the deficiencies were pointed out to him.
- 10 H. Obstetrics emergency simulation: Respondent struggled with several of the  
11 scenarios. One of them involved a shoulder dystocia. Respondent was not  
12 comfortable with how to proceed, and used an excessive amount of force in an effort  
13 to deliver the baby. This scenario of a shoulder dystocia is what lead to his discipline  
14 in the first place.
- 15 I. Ob/Gyn subject exam: Respondent scored in the 24th percentile, with a test score of  
16 67.
- 17 J. On August 3, 2018, Dr. P. did a neuropsychological evaluation of Respondent. He  
18 found Respondent had significant impairments in executive functioning and had  
19 limited manual dexterity which, for a surgeon, is problematic.

#### 20 **DISCIPLINARY CONSIDERATIONS**

21 7. To determine the degree of discipline, if any, to be imposed on Respondent,  
22 Complainant alleges that in a prior disciplinary action entitled *In the Matter of the Accusation*  
23 *Against King Wong, M.D.*, before the Medical Board of California, in Case Number 11-2013-  
24 230174, Respondent agreed to a Public Reprimand, in addition to completing a clinical  
25 competence assessment program. That decision is now final and is incorporated by reference as  
26 if fully set forth herein.
